# ABOUT US

# ABOUT US

**Finder was established  
in Italy in 1954  
and has always been  
independent**

**€287m  
consolidated sales  
(2023)**

**All-European design  
and manufacture**

**World-wide network  
of 29 direct  
subsidiaries**

# 14,500 DIFFERENT PRODUCTS FOR ALMOST EVERY KIND OF APPLICATION

Control panels, Automation,  
Industrial applications

Residential and commercial  
electrical systems

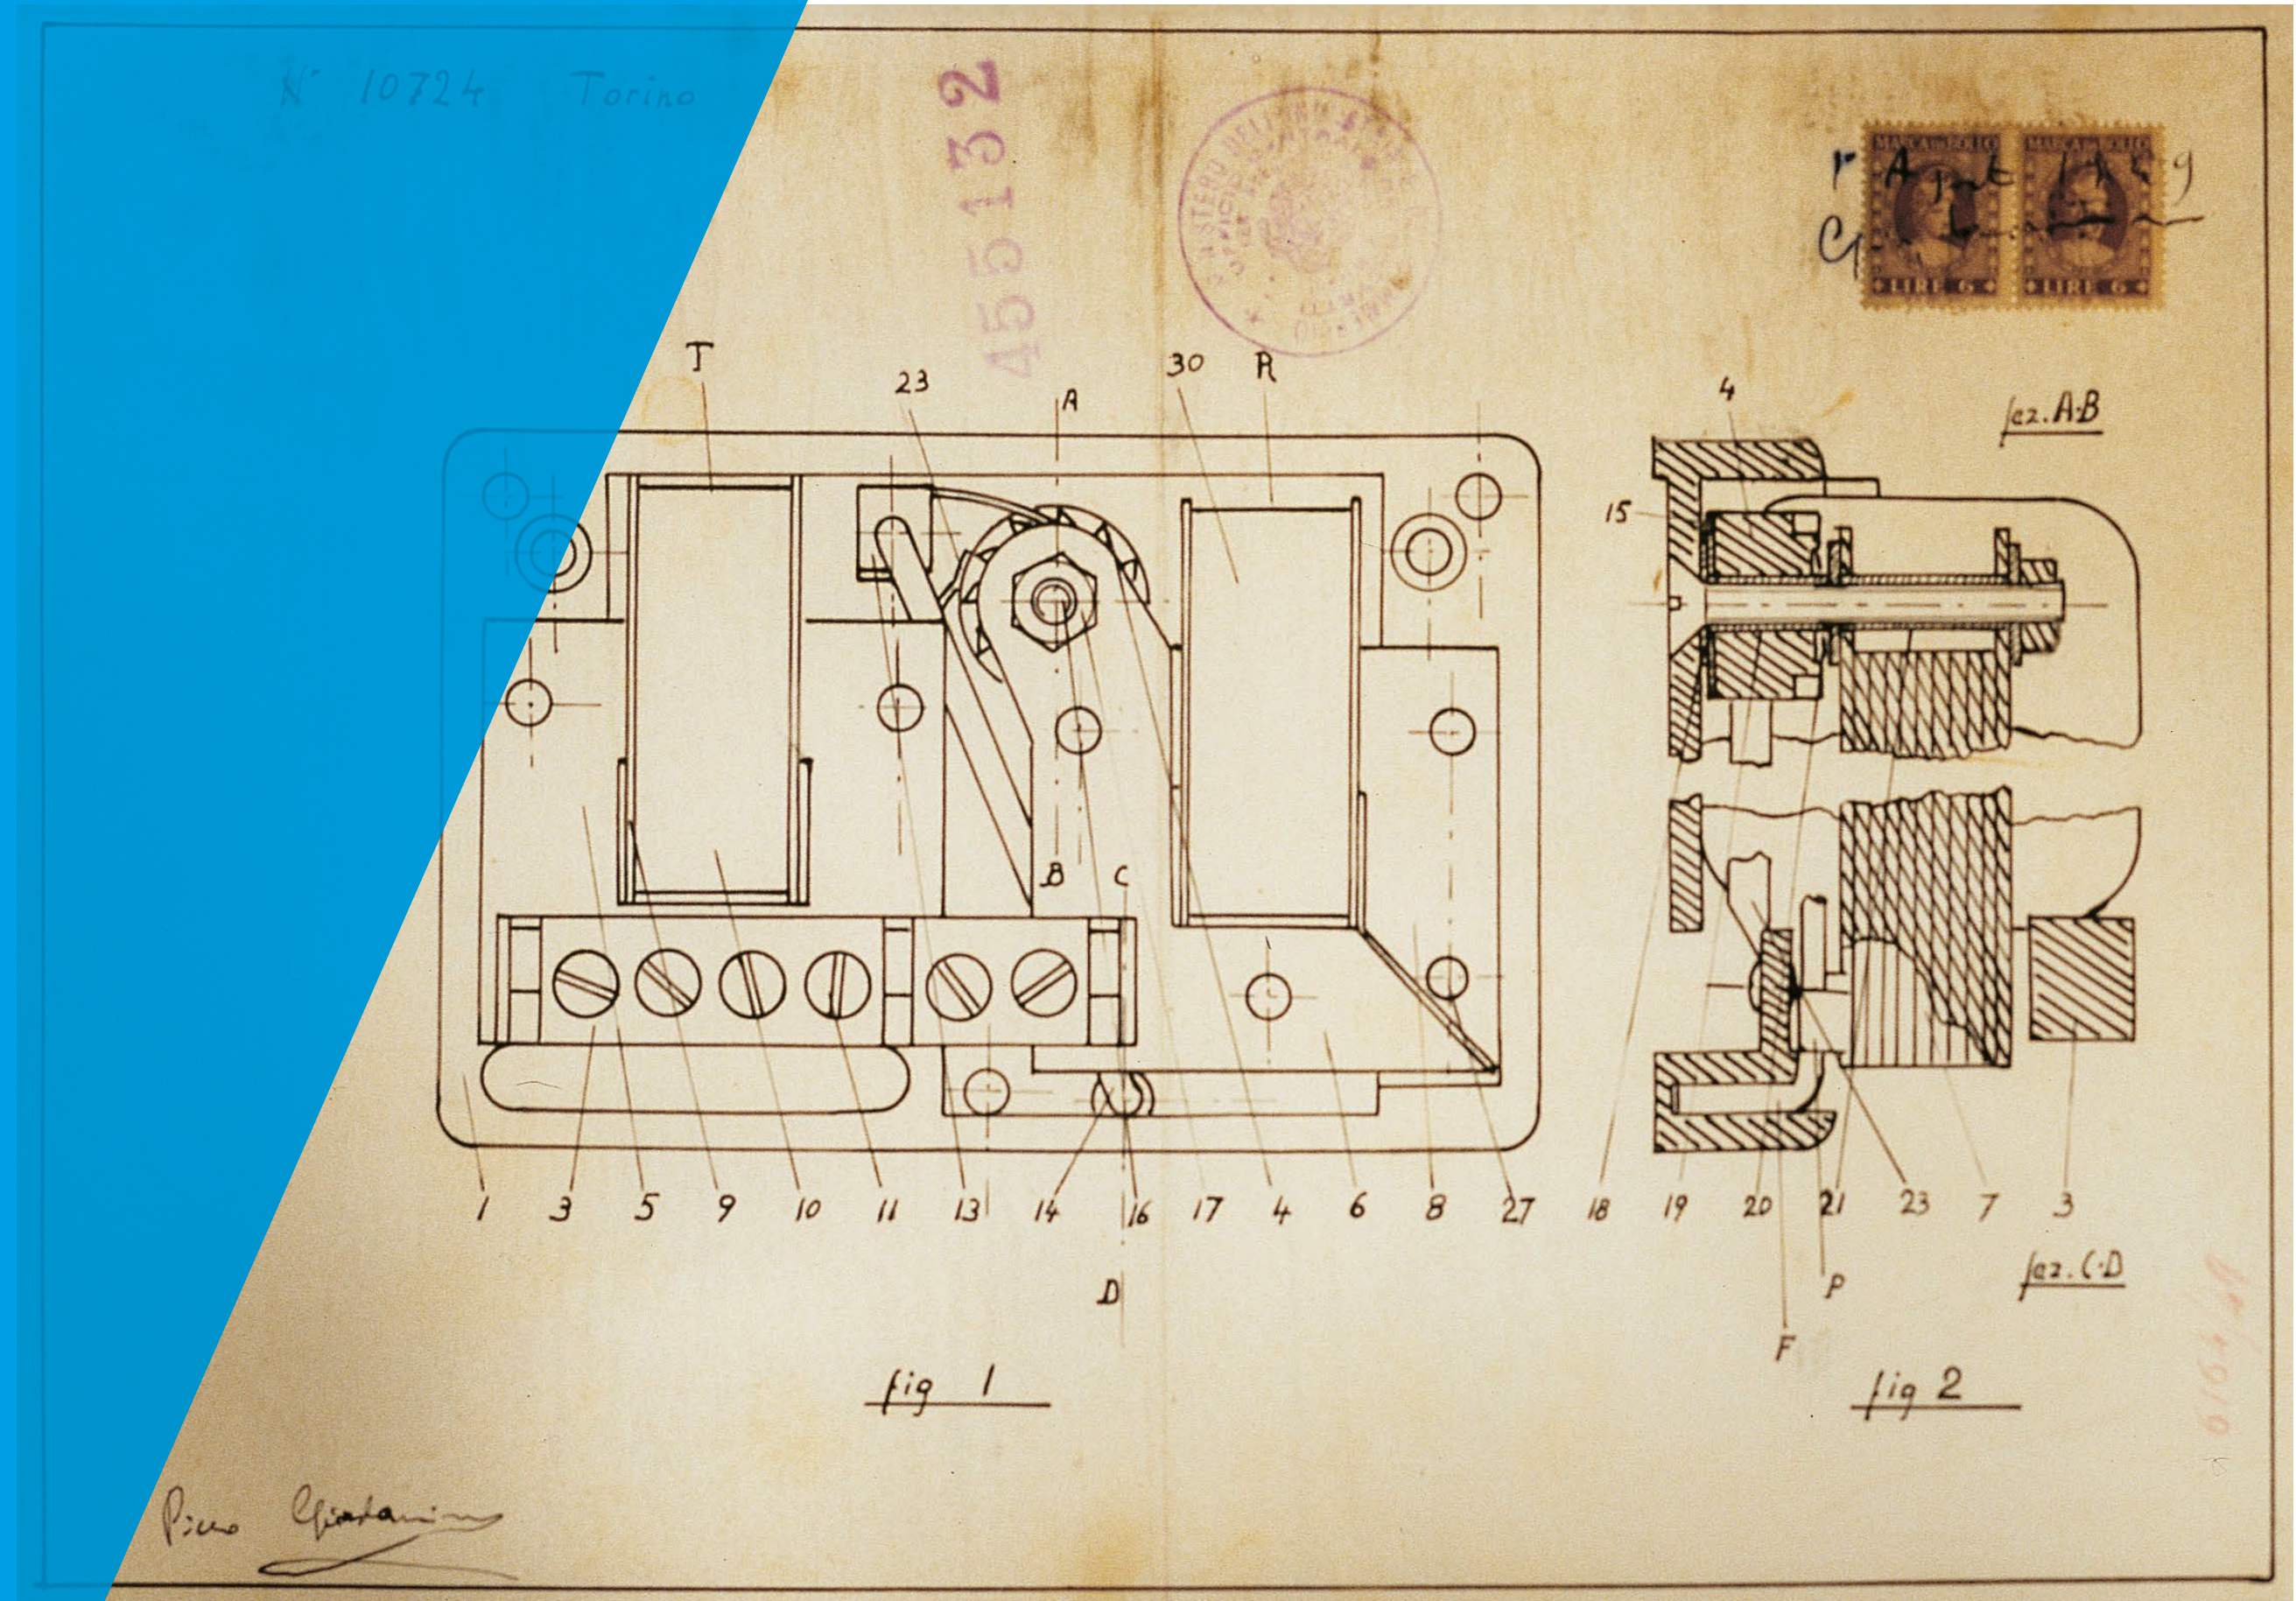

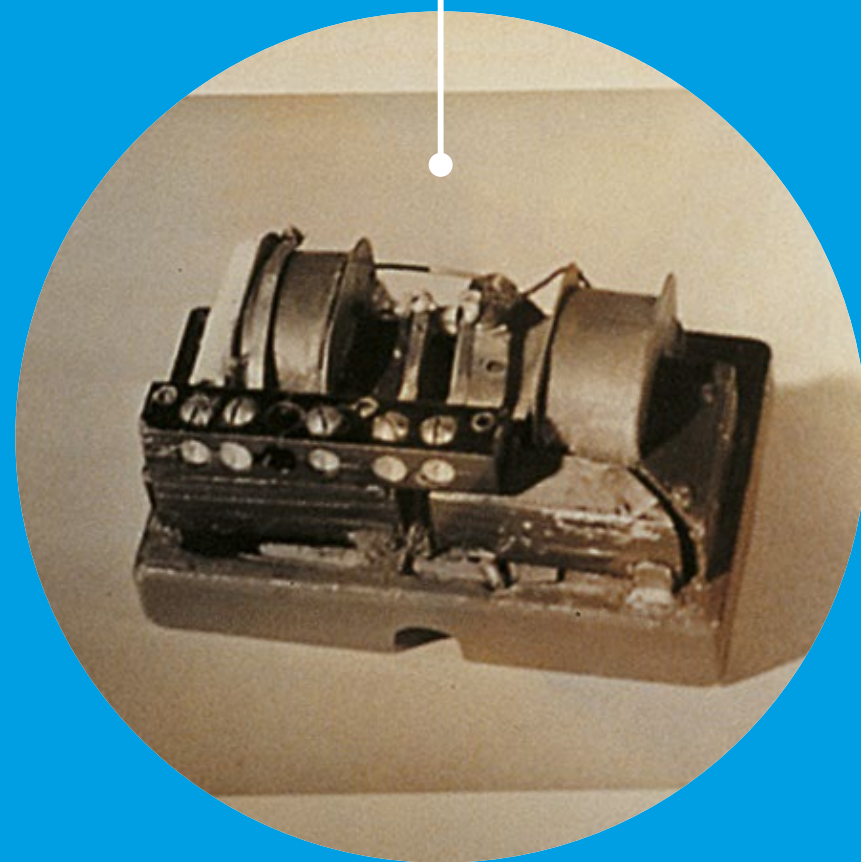

# HISTORY

# HISTORY

## 1949

Piero Giordanino patents the step relay in Turin: an ingenious device that revolutionizes electrical systems within homes and the service industry

# HISTORY

**1954**

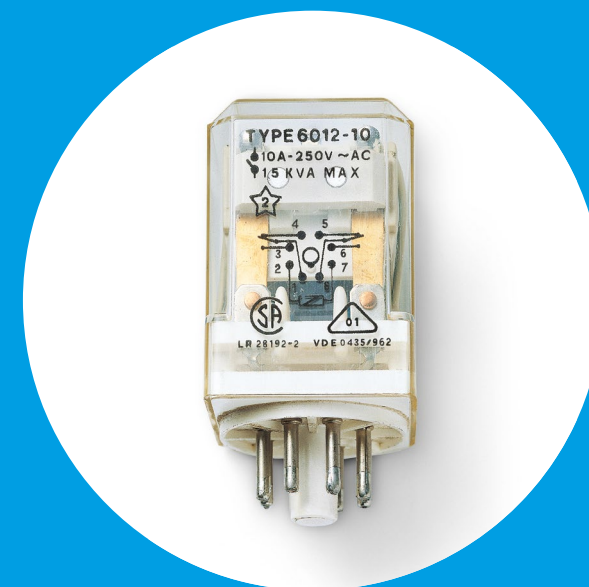

Piero Giordanino  
founds "Finder"

Finder Almese

**1966**

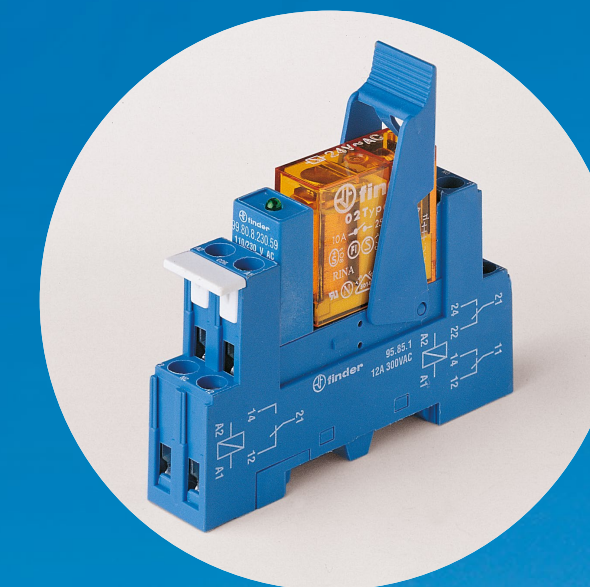

Launch of the 60  
Series, the world's  
first VDE-approved  
industrial relay

60 Series – Relay for  
industrial applications

**1981**

Launch of the 40  
Series miniature  
PCB relay

40 Series  
miniature  
PCB relay

95 Series  
'smart'  
sockets

**1993**

Electronic  
timer range

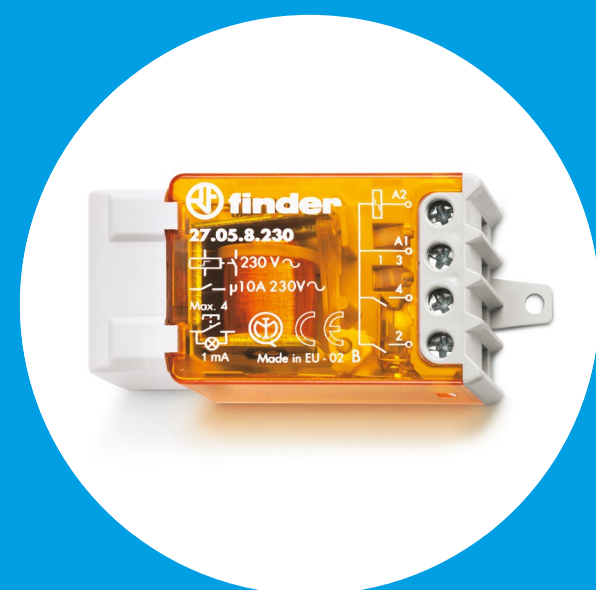

**1998**

94 and 95 Series  
'smart' sockets

# HISTORY

## 2001

34 Series ultra-slim relays  
27 Series step relays with  
auxiliary module

27 Series – Step relay  
with auxiliary module

18 Series – Range of  
movement detectors

## 2005

15 Series dimmer range  
18 Series movement detector  
range

## 2010

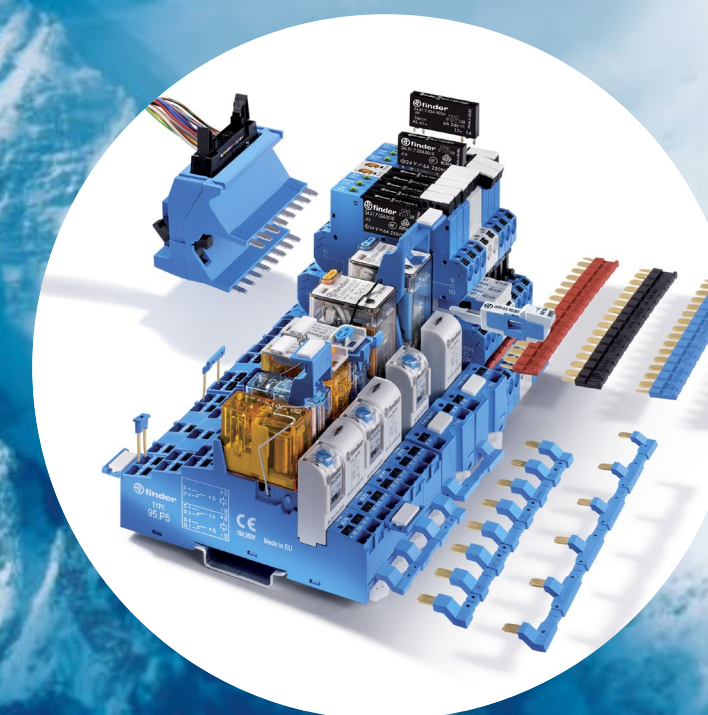

39 Series – Relay  
interface modules  
with fuse holder  
module

## 2012

Relays for  
photovoltaic  
applications  
New range of SSR  
relays

## 2015

MasterIN System with  
push-in technology  
New products  
featuring NFC  
technology

MasterIN System  
Complete range  
of push-in products

# HISTORY

7M Series  
Smart energy meter

2017

Products featuring  
Bluetooth, Dali and  
KNX technology  
Industrial temperature  
control range

2019

YESLY comfort living  
system and BLISS2  
chronothermostats.  
Products for the smart home.  
7L Series LED panel lights

2021

7M Series  
smart energy meters.  
68 Series 100 A  
power relays

2022

8A Series – OPTA  
Programmable Logic Relay  
(PLR)

8A Series – OPTA

YESLY & BLISS2  
Products for the  
smart home

# OUR VALUES

# OUR PEOPLE ARE THE BEATING HEART OF THE COMPANY

**2,000 employees  
around the world**

**Continuous  
professional development**

# A PASSION FOR CHALLENGES, WITH ORGANIZATIONAL FLEXIBILITY

# MADE IN EUROPE

Italian and European  
design and production

In-house management  
of the entire supply  
chain

From raw materials  
to the finished product

St. Jean  
de Maurienne

Almesè  
Sanfront

Valencia

# AUTONOMY

Everything we make comes out of our own resources

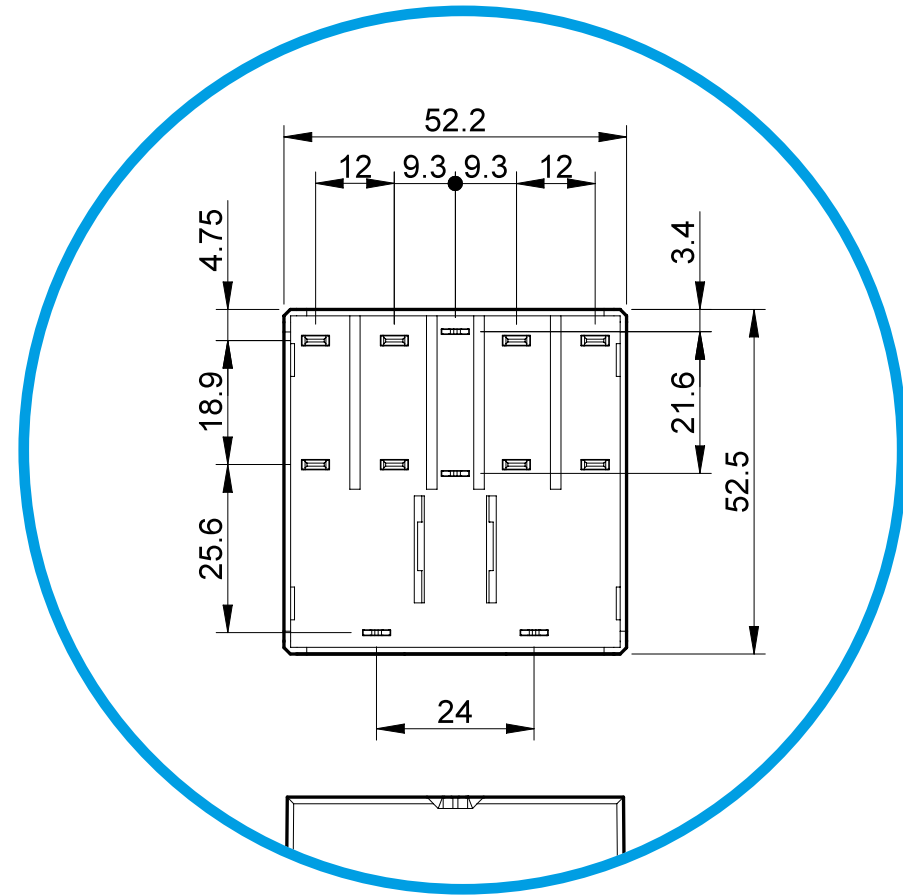

Private, independent  
management

Financial  
autonomy

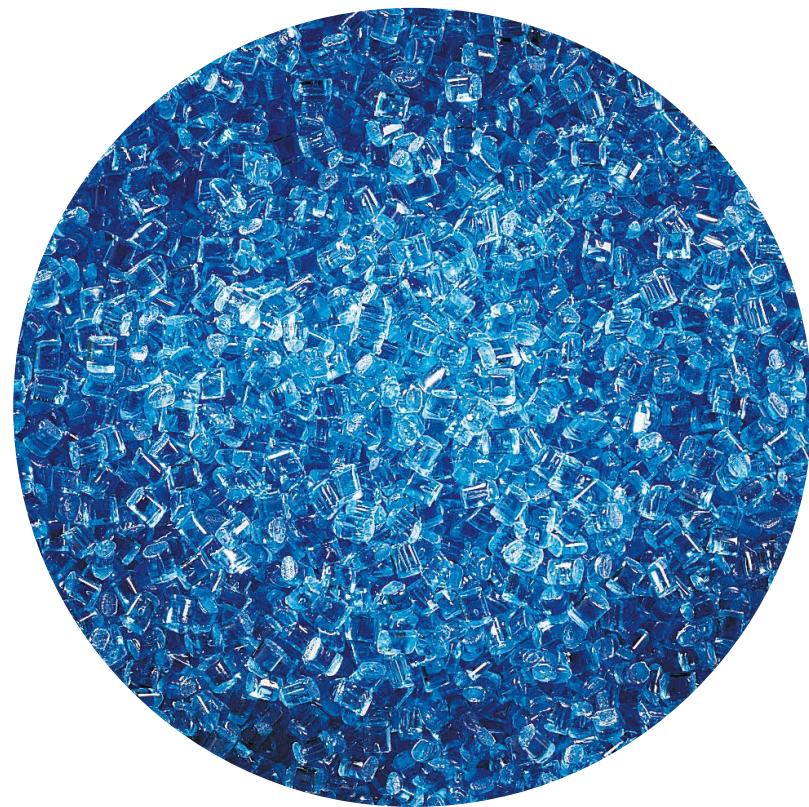

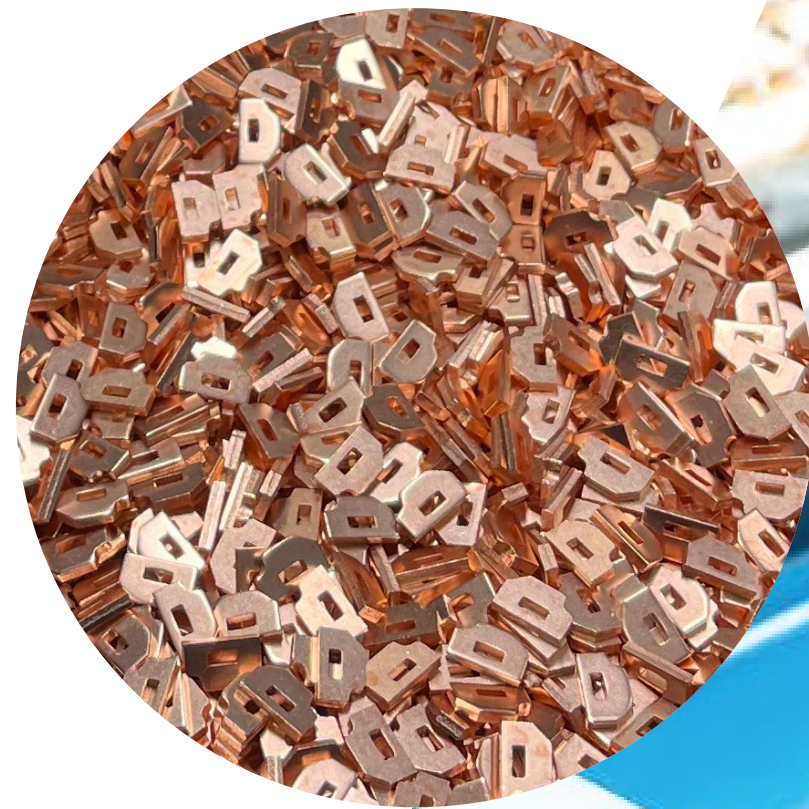

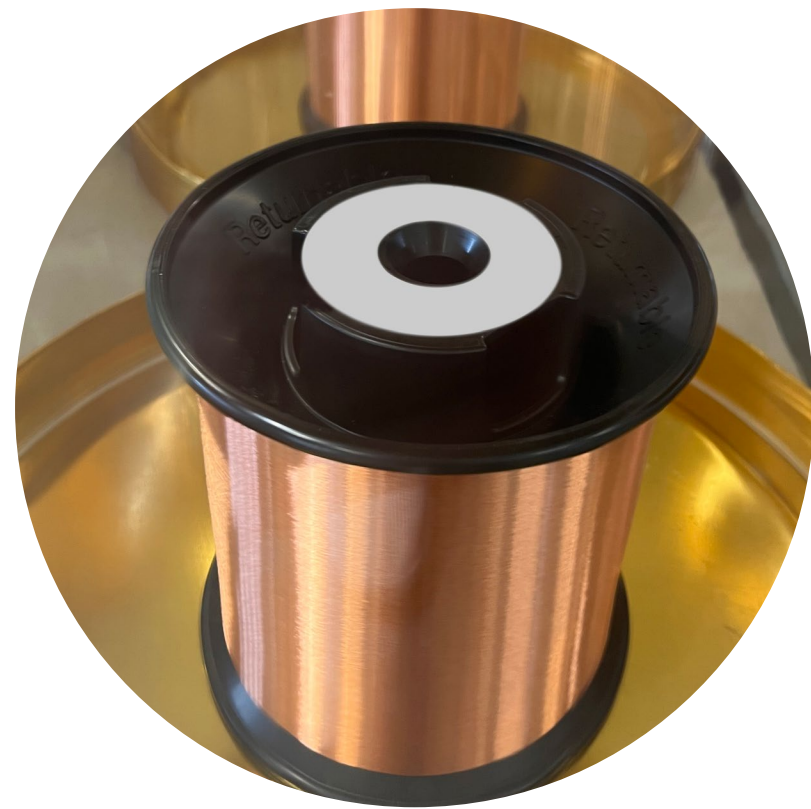

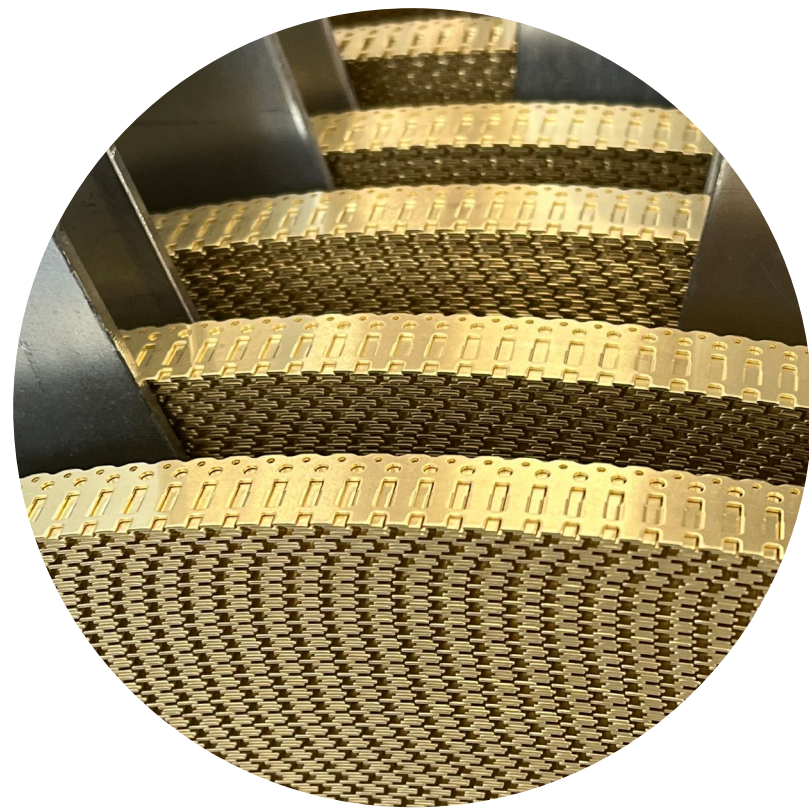

Technological  
autonomy

# FROM AN IDEA TO A PLAN

# FROM RAW MATERIALS TO THE FINISHED PRODUCT

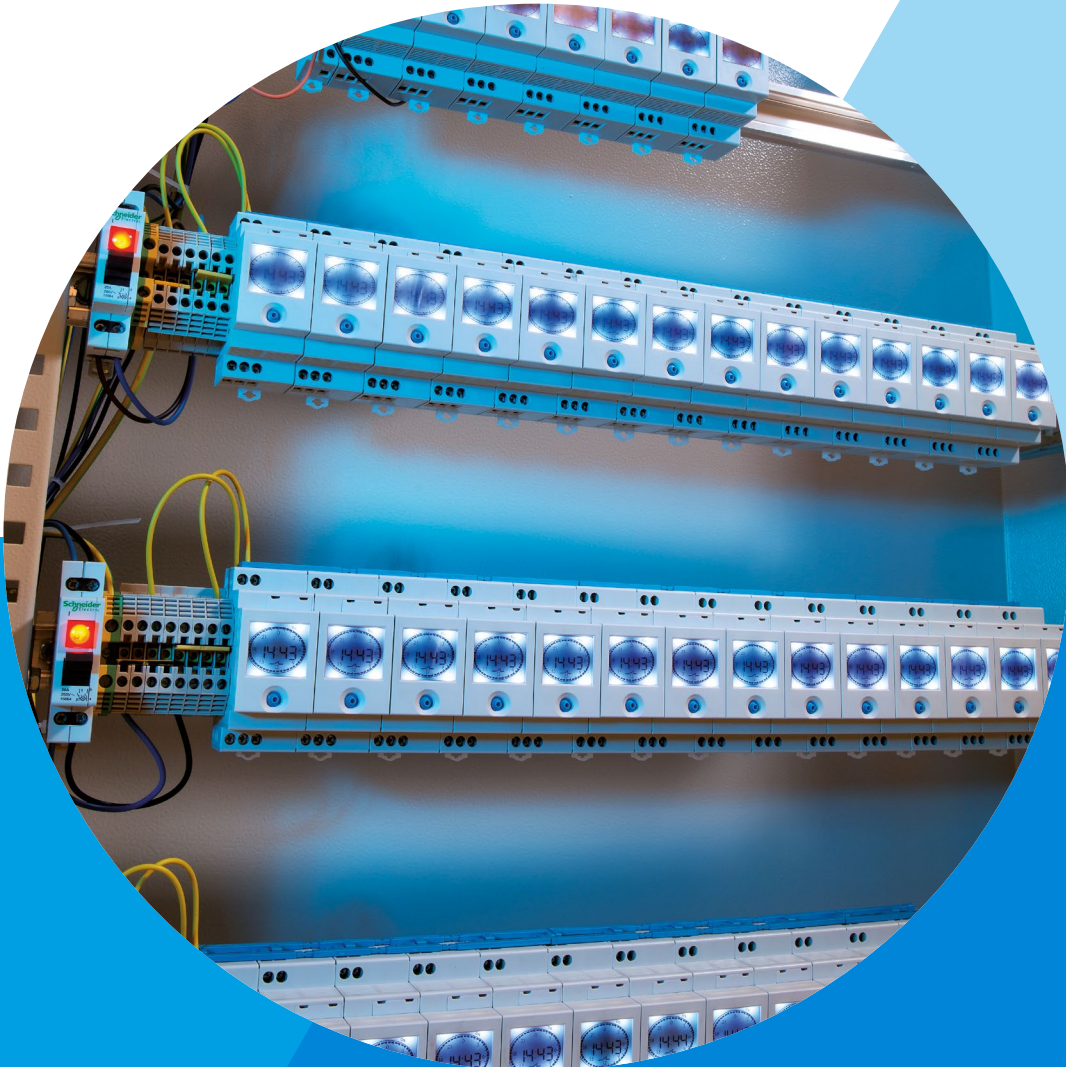

Control of the entire supply chain to ensure the utmost quality

# 100% PRODUCT TESTING

**Full testing on all  
electronic component  
parts**

**Electrical testing at each  
stage of the manufacturing  
process**

**Comprehensive final  
testing of all finished  
products**

# CERTIFIED QUALITY

Finder has attained international certifications as a result of its innovation, rationalization of its information systems and flexibility to achieve the utmost efficiency.

**CRIBIS**  
Prime Company

# SKILLS AND KNOW-HOW

# TECHNICAL SUPPORT

**Customized technical support**

**After-sales customer support**

# A GLOBAL ORGANIZATION

# ITALIAN SALES NETWORK

Covering all of  
Italy with  
8 subsidiaries  
and 2 agencies

Head offices – Finder Almese (TO)

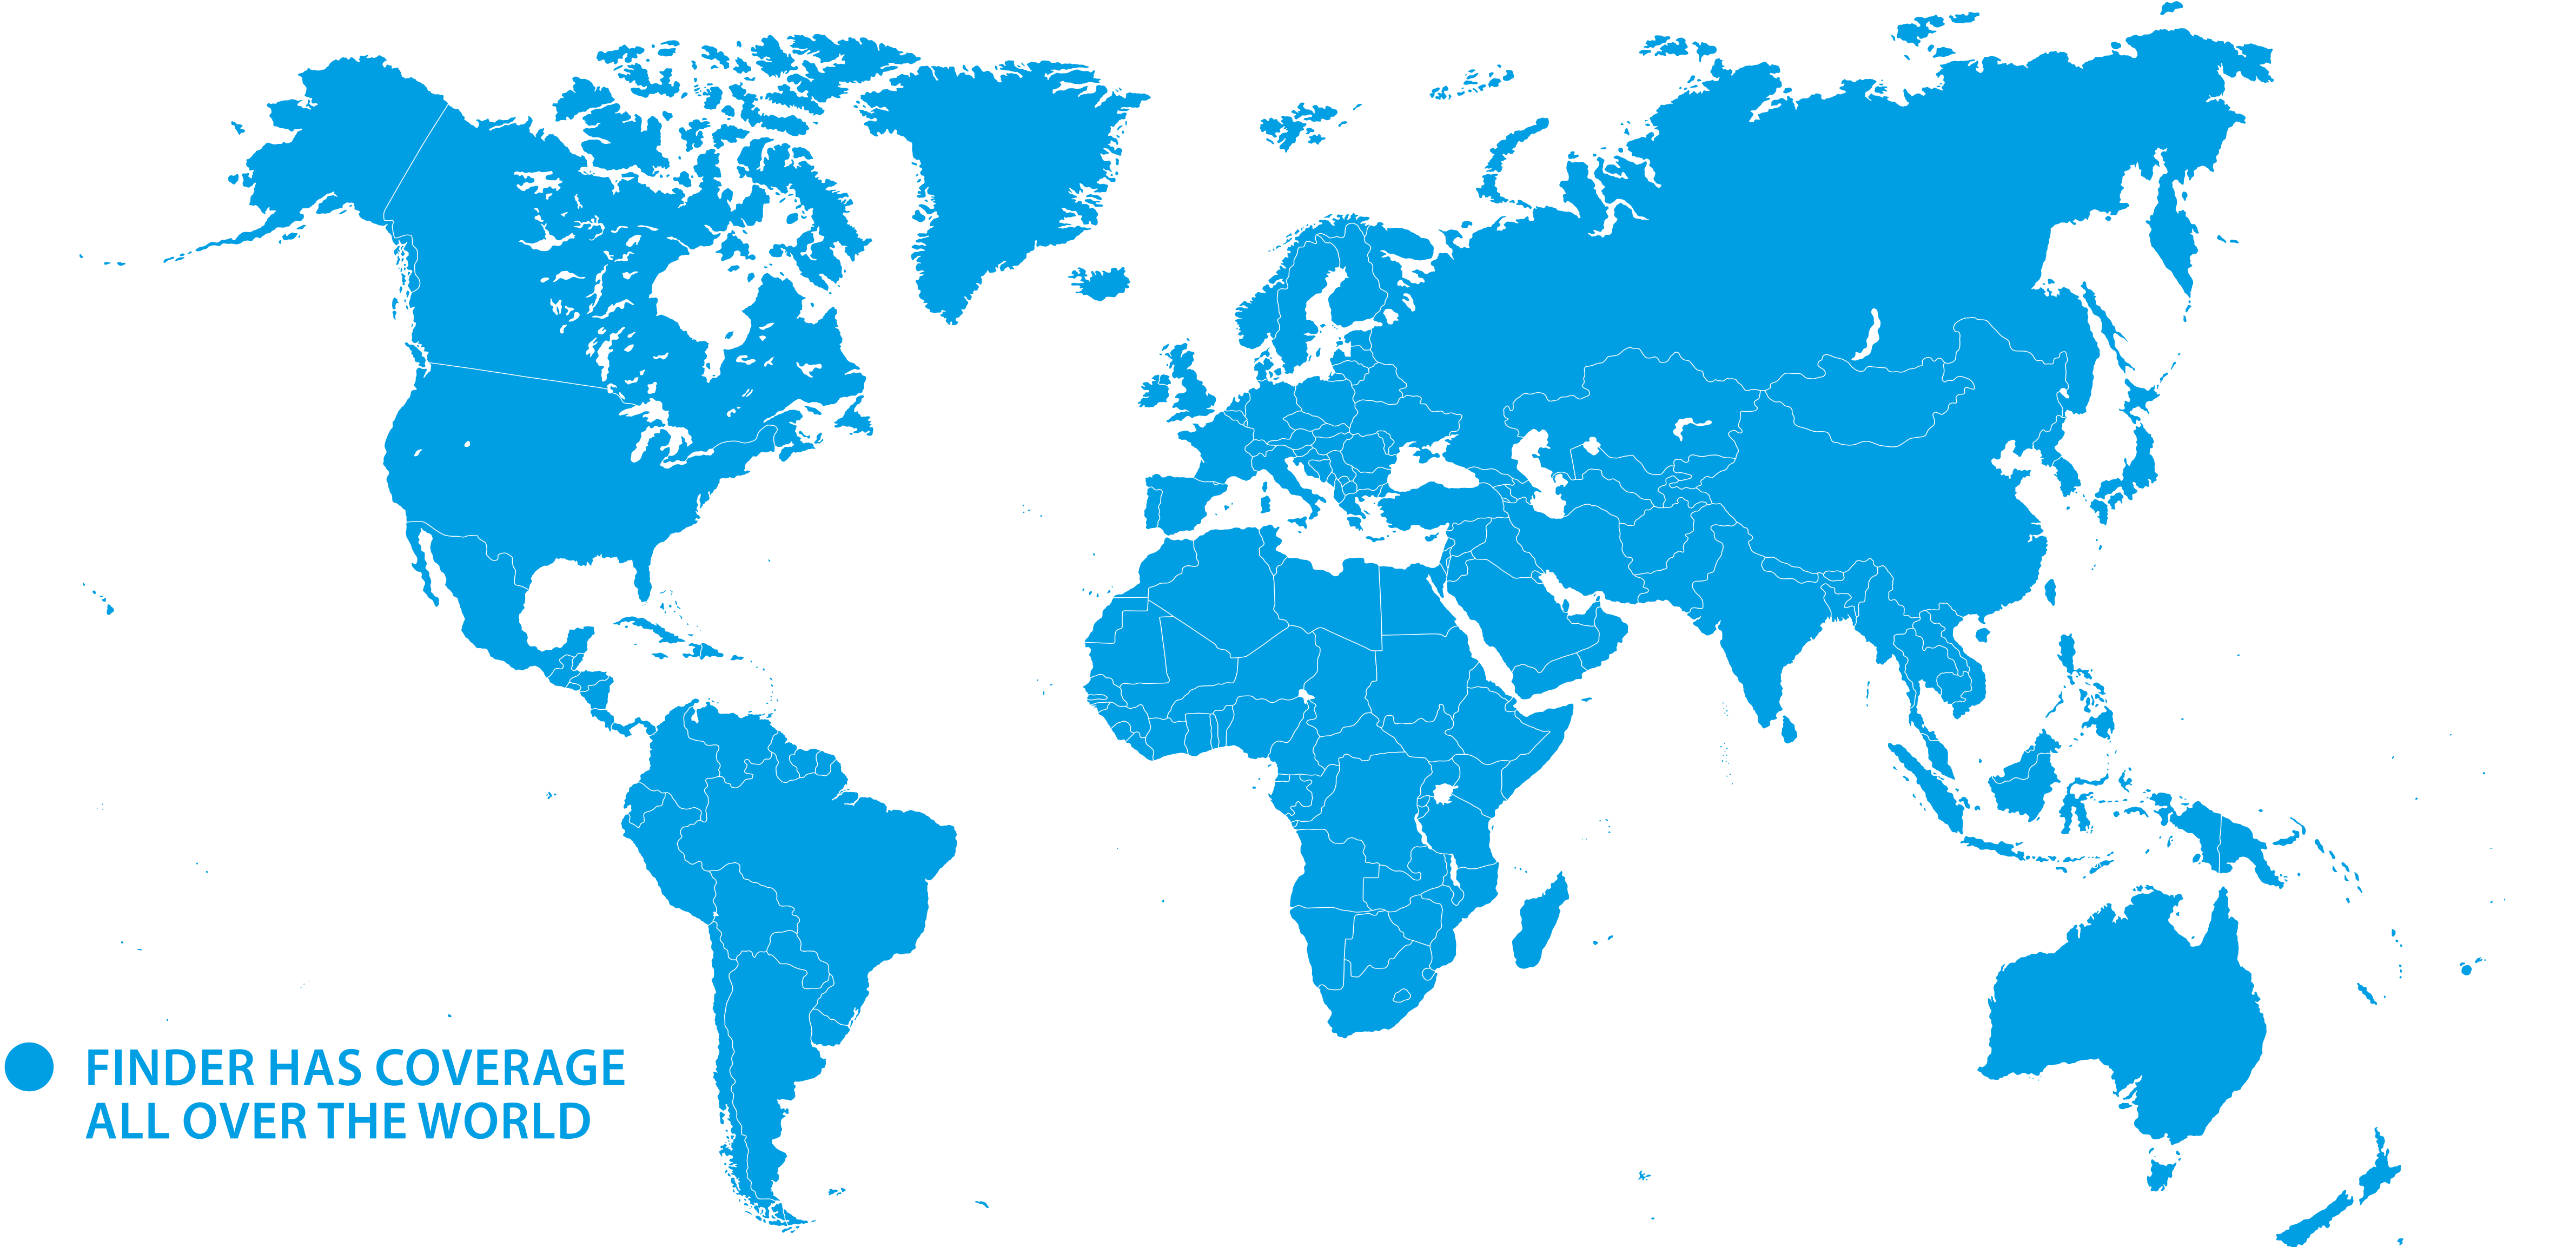

# EUROPEAN SALES NETWORK

# 29 SUBSIDIARIES THE WORLD OVER

# WORLD-WIDE SALES NETWORK

● FINDER HAS COVERAGE ALL OVER THE WORLD

# LOGISTICS FOR THE FUTURE

Automated warehouses and  
AEOF certification ensuring optimum  
supply chain efficiency in shipping  
our products

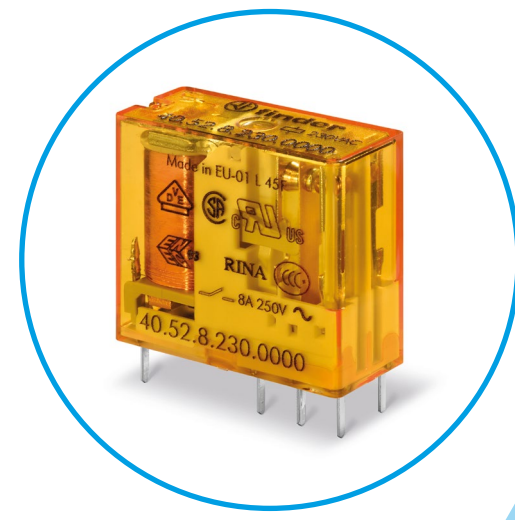

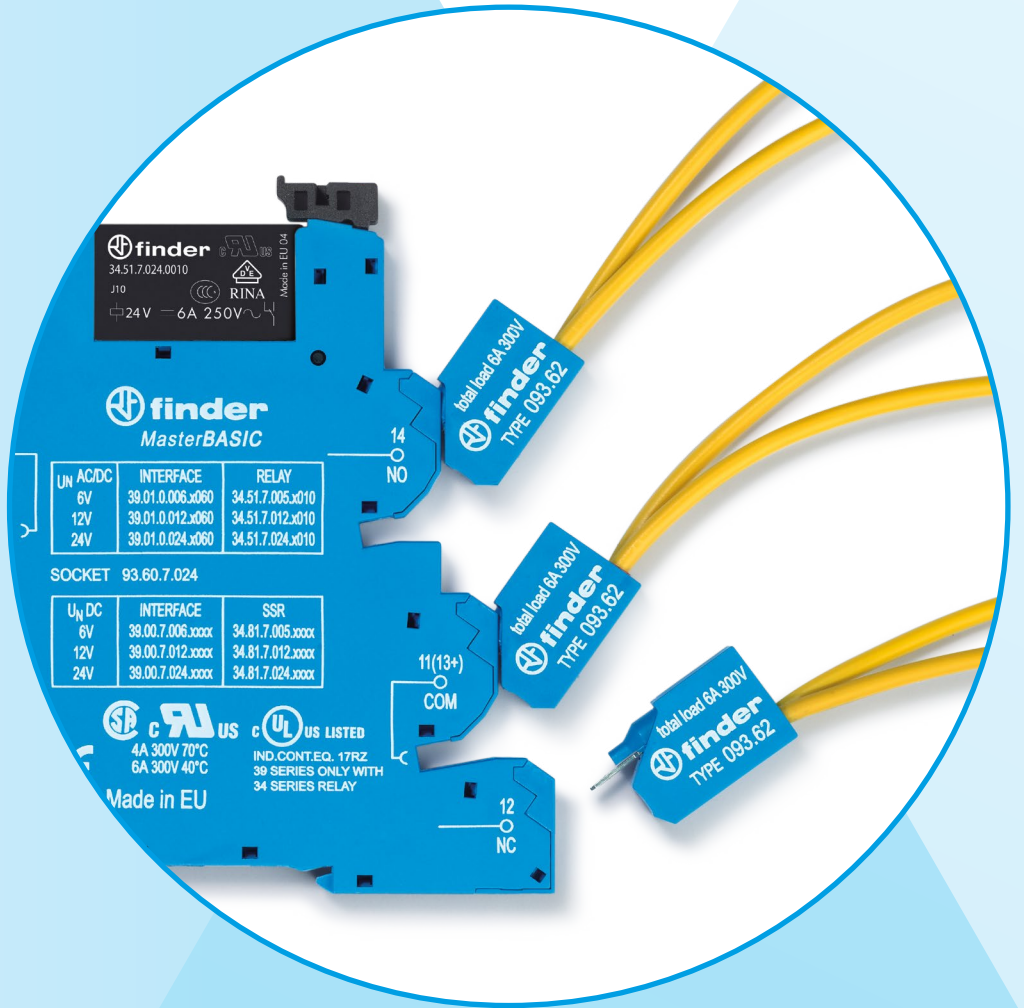

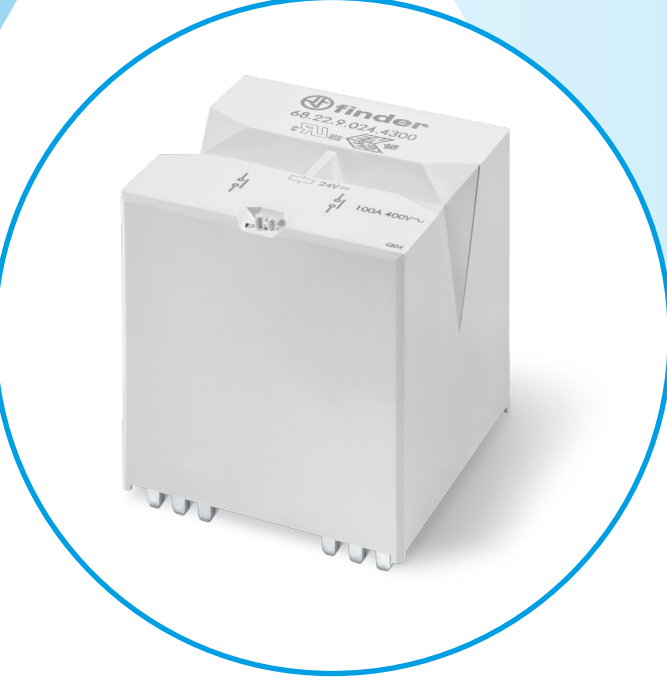

420,000+ items  
shipped every day

# PRODUCTS & SOLUTIONS

# 14,500 DIFFERENT PRODUCTS

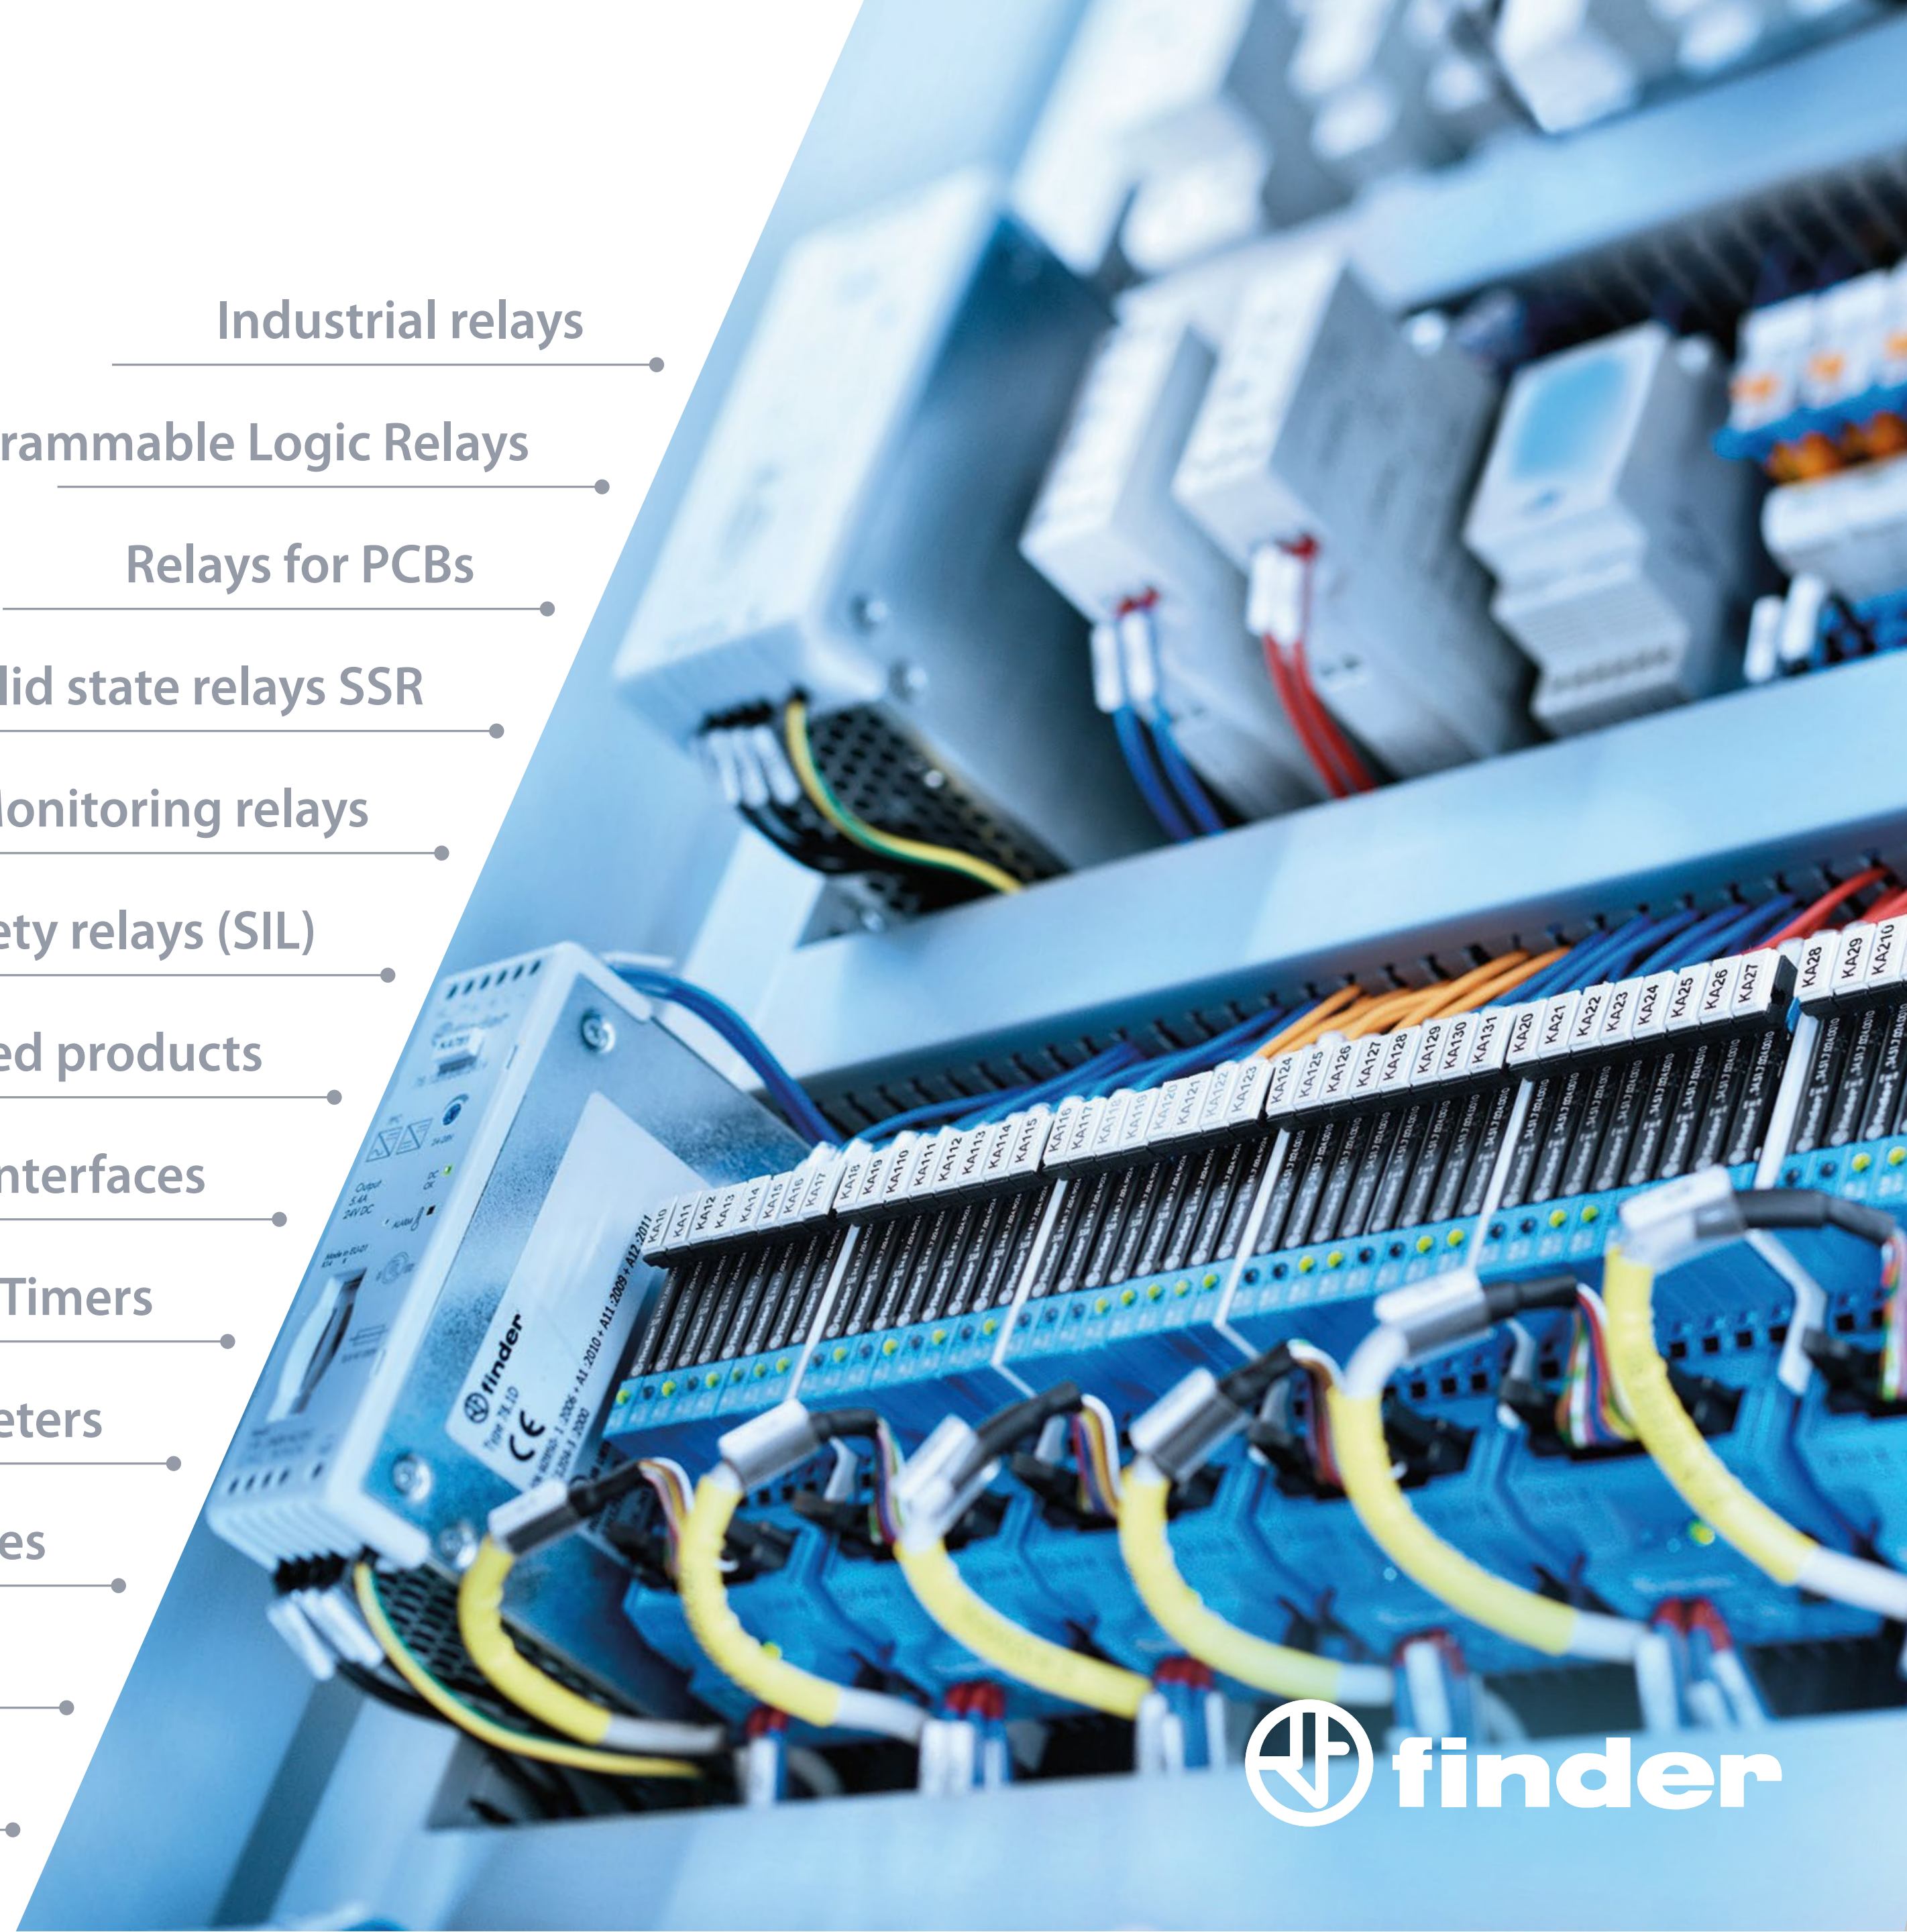

# FOR ALMOST EVERY KIND OF APPLICATION

# PRODUCTS & SOLUTIONS

Control panels,  
industrial automation  
and industrial applications

- Industrial relays
- Programmable Logic Relays
- Relays for PCBs
- Solid state relays SSR
- Monitoring relays
- Safety relays (SIL)
- Hazloc and ATEX certified products
- Modular relay interfaces
- Timers
- Energy meters
- Power supplies
- Industrial thermoregulation
- Accessories for electrical panels

# PRODUCTS & SOLUTIONS

For switching, power supply  
and control

Industrial  
automation

Lifting  
equipment

HVAC

Refrigeration

Safety  
and control

# PRODUCTS & SOLUTIONS

for the measurement, protection  
and management of energy

EV charging  
stations

Wind power and  
photovoltaic systems

Energy  
management

Railway  
sector

Marine  
sector

# PRODUCTS & SOLUTIONS

Residential, commercial  
and smart home  
electrical systems

YESLY - Smart Homes

Smart thermostats

KNX - Building Automation

Dimmers

Movement detectors

Modular contactors

Emergency lighting

Time switches

Staircase timers

Light dependent relays

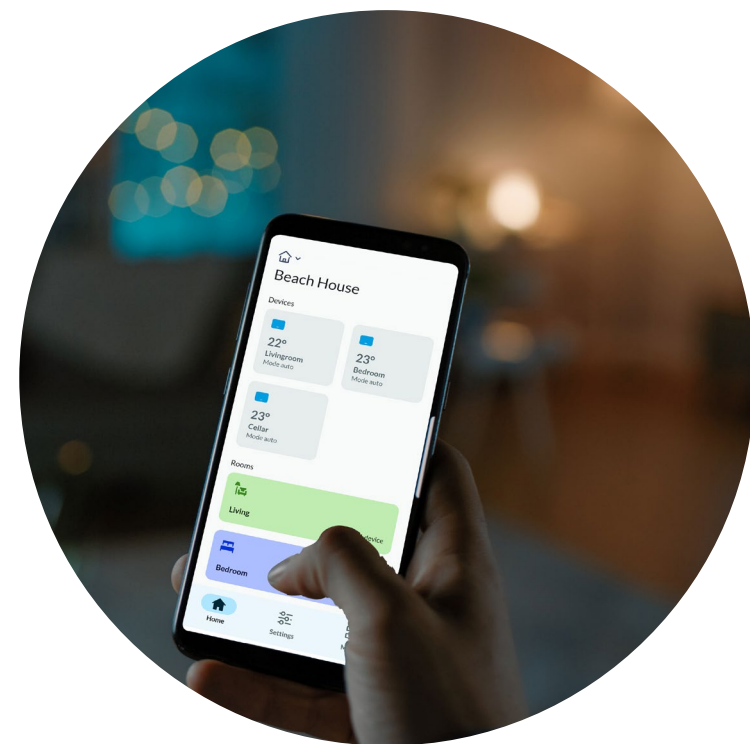

Step relays

# PRODUCTS & SOLUTIONS

Simple and efficient energy-saving installations, for today's modern spaces. Perfect also for retrofitting older properties, without having to do any invasive masonry work.

Smart homes

Temperature control

Lighting automation

Applications for the service sector

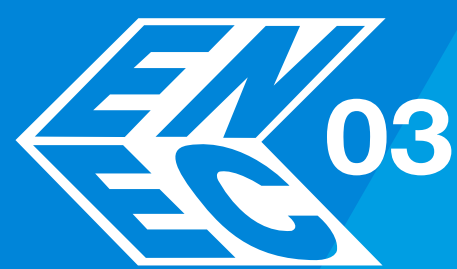

KNX and DALI technology

# APPROVALS

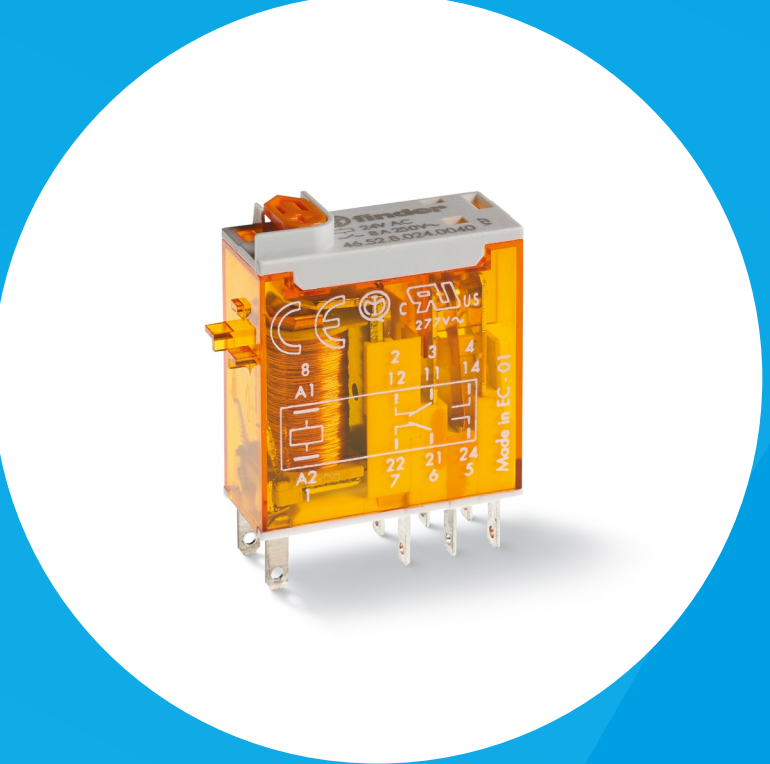

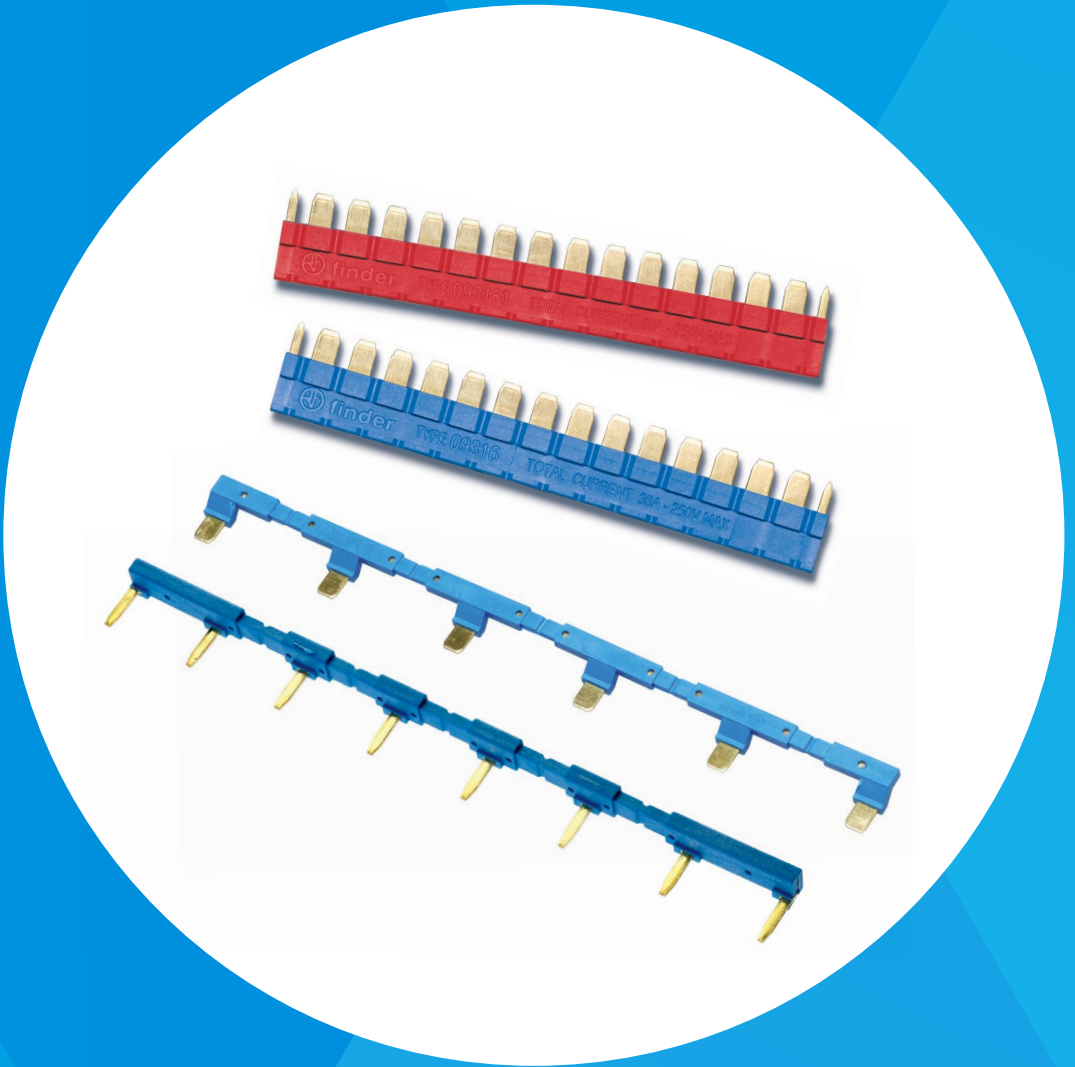

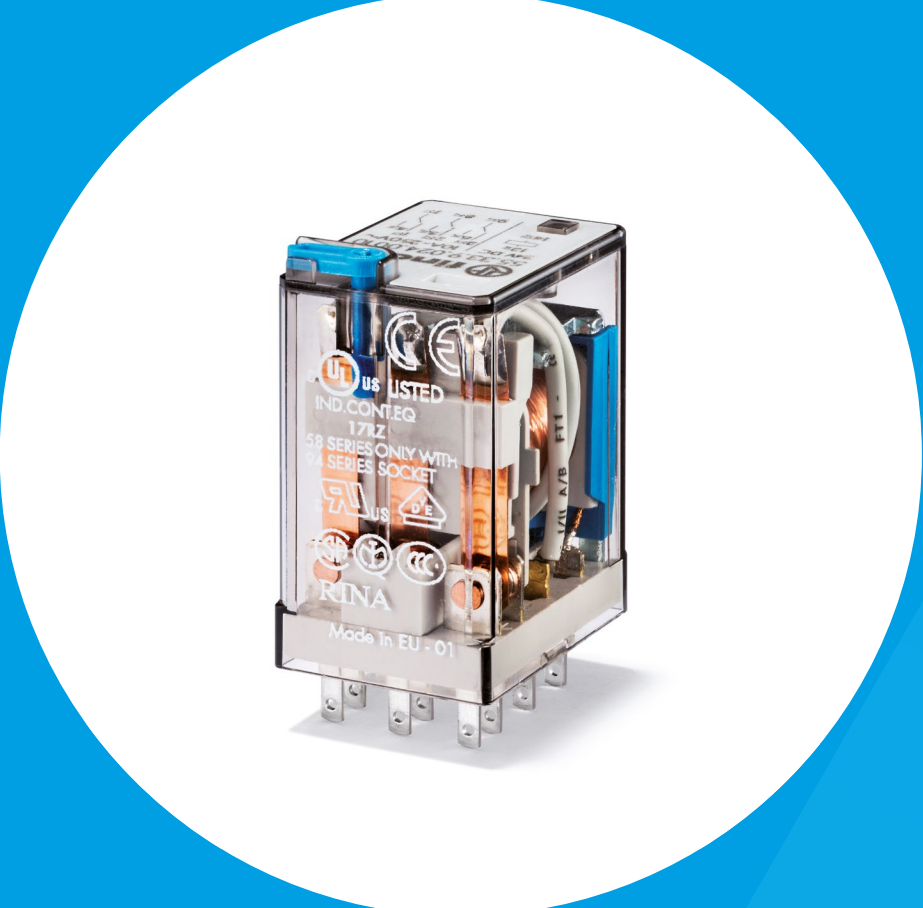

Finder has more certifications and approvals than any other relay manufacturer

# 100% MADE IN FINDER

Our patents tell a story of our creativity

# CUSTOMERS & PARTNERS

# THEY BELIEVE IN US

For nearly 70 years, electricians, architects and designers of electrical systems have relied on Finder's quality, reliability and service

# THEY BELIEVE IN US

Our simple to install, safe and efficient products are trusted by electricians around the globe

**ELECTRICIANS**

# THEY BELIEVE IN US

Technical support, an efficient supply chain and agency-approved products are just some of reasons why we have forged decades-long relationships with panel builders and OEMs alike

**PANEL  
BUILDERS**

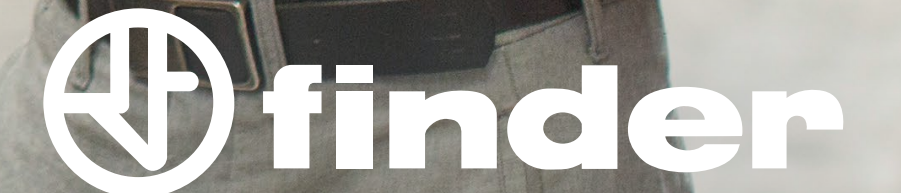

**OEMs**

# THEY BELIEVE IN US

Professionalism, transparency and value-added services strengthen our links with distribution partners both in Italy and throughout the world

**DISTRIBUTORS**

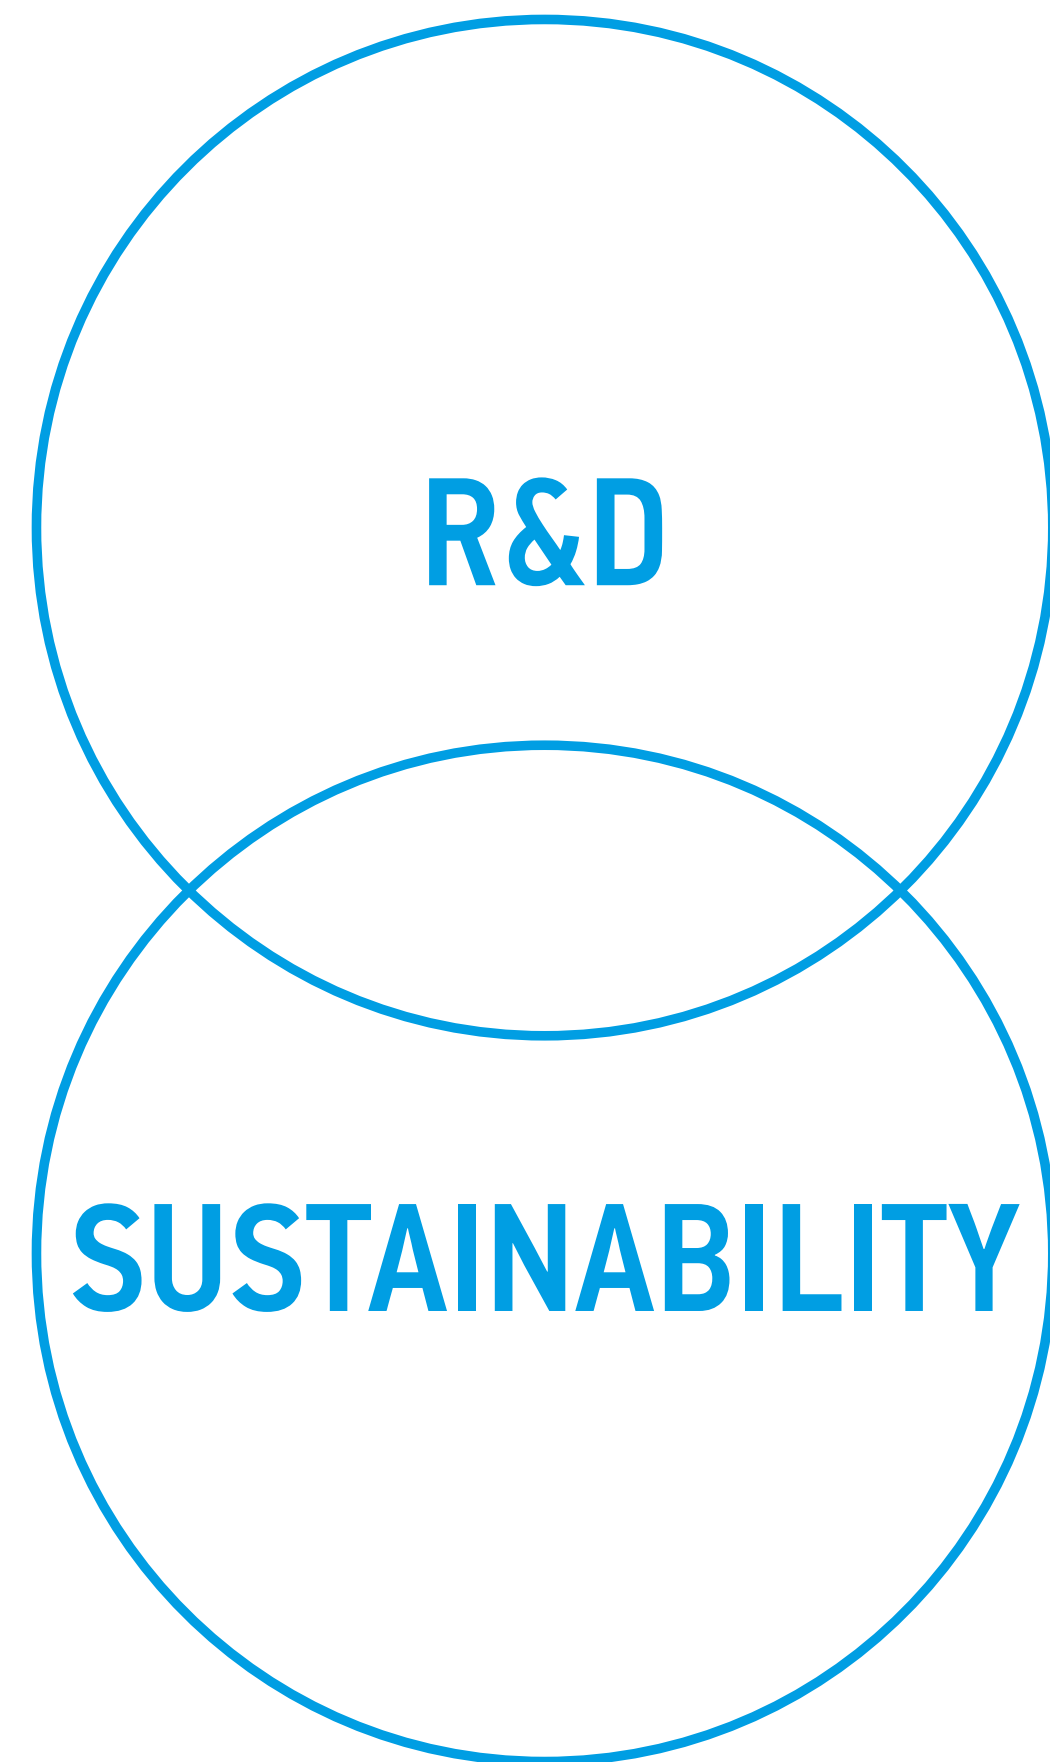

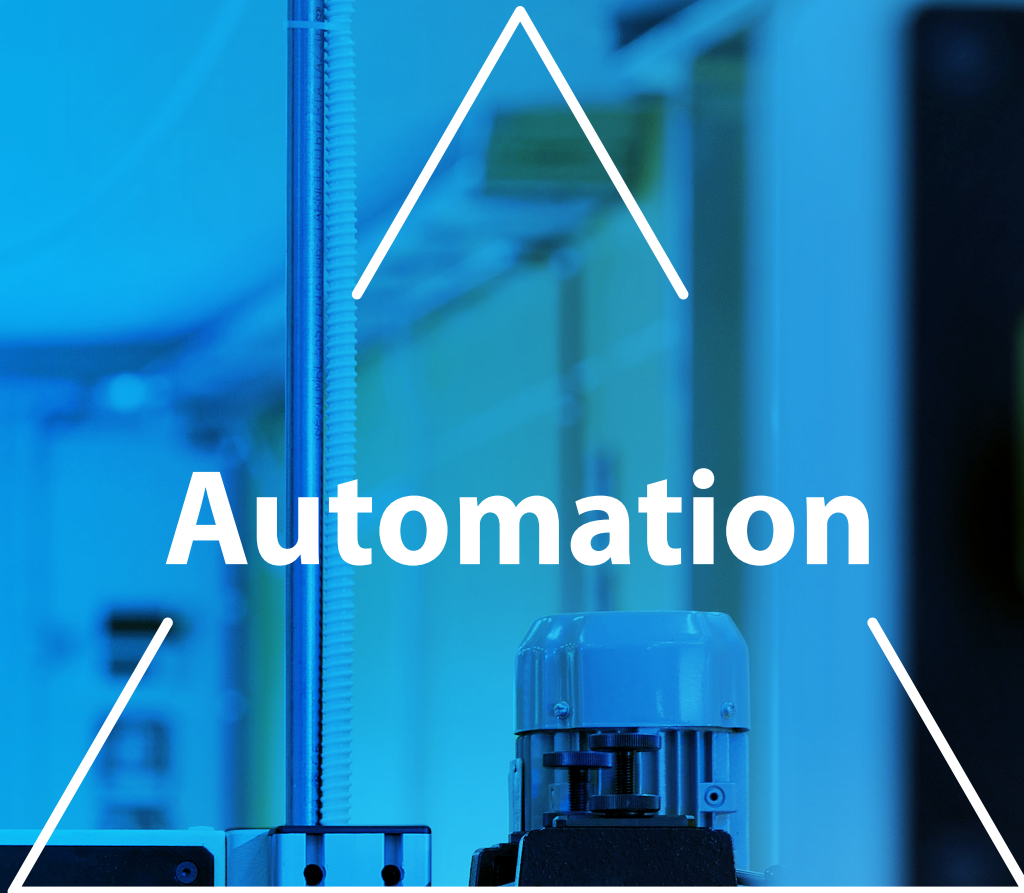

**WE BELIEVE IN  
THE FUTURE**

# OUR MISSION

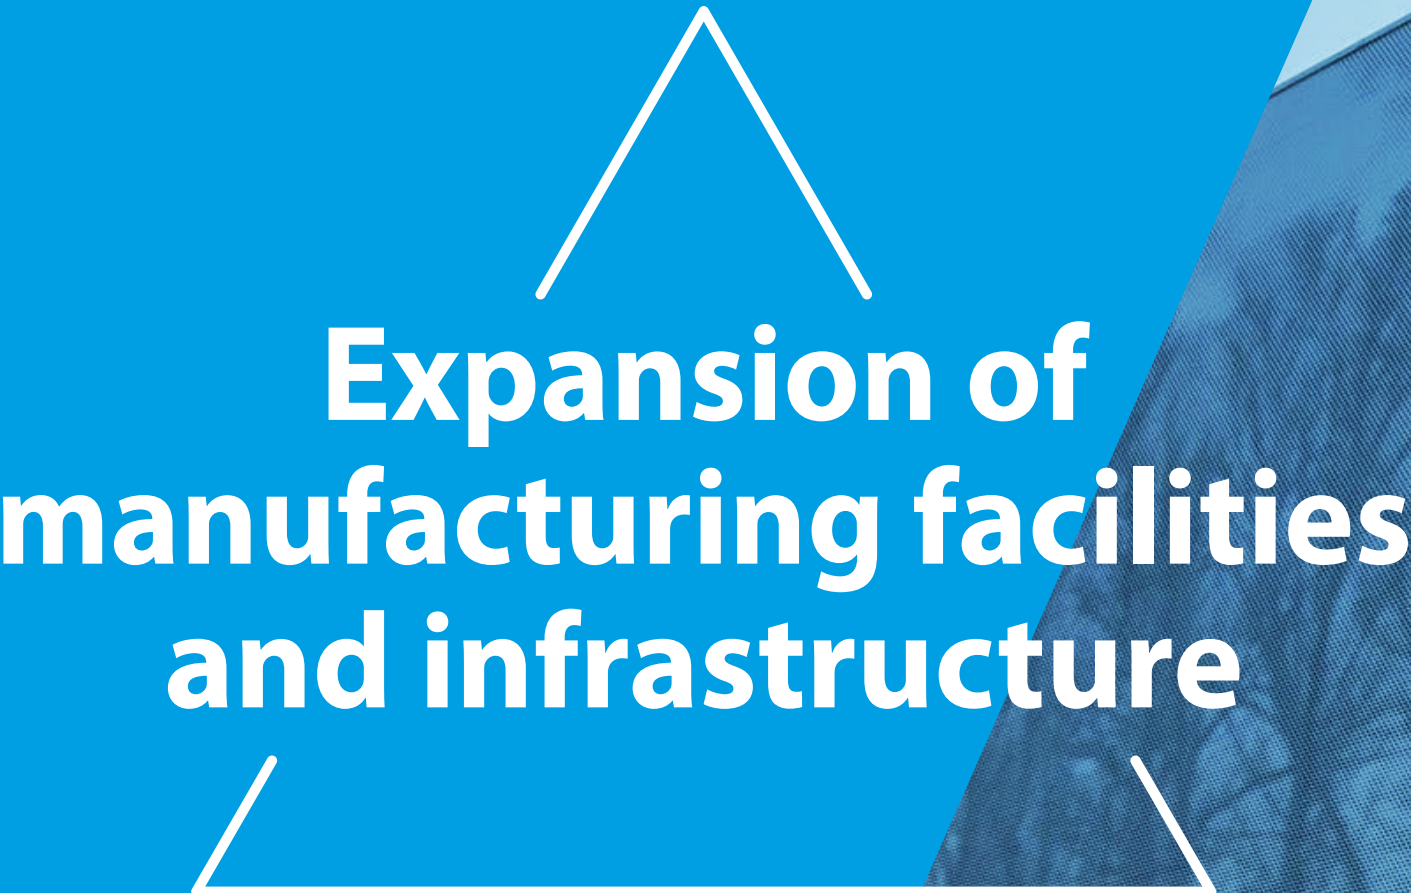

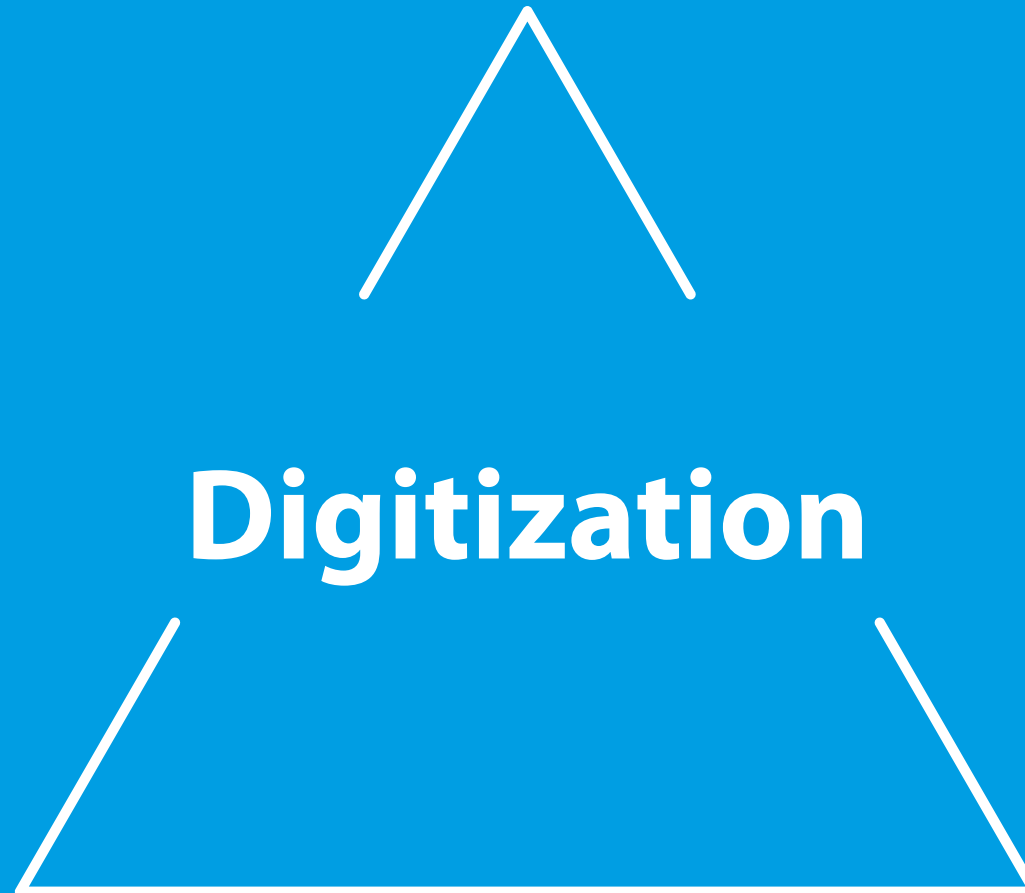

Research and environmental sustainability have always gone hand-in-hand

# WE INVEST IN OUR FUTURE

# WE INVEST IN OUR FUTURE

# SUSTAINABILITY AND ENERGY EFFICIENCY

80%+ of the energy we use comes from renewable sources,  
40% of which is self-generated

**SISTEMA  
DI GESTIONE  
DELL'ENERGIA**

ISO 50001

**BUREAU VERITAS  
Certification**

# SUSTAINABILITY AND ENERGY EFFICIENCY

Finder has always believed that sustainability is one of the pillars in of the way we do business

**A responsible vision  
of the  
future**

**Environmental  
protection in all  
processes**

**Expansion moving  
towards the European  
Green Deal**
